Sir:

Election:

This communication is a supplemental response that amends our previous response, filed on November 23, 2004, to the Office Action dated September 23, 2004.

It is respectfully submitted that Species A is elected without traverse. As indicated by the examiner, species A includes Figs. 1a-8b.

The examiner instructed that, should applicant select species A, a further election of species must be made. Accordingly, applicant further respectfully submits that species 7 is elected, which corresponds to Figure 7.

The combined selection of species A/7 reads on the following claims: 60-67, 97, 106. Accordingly, the indicated claims are elected and the rest are cancelled. However, Applicant reserves the right to prosecute additional claims in any pending or future application(s).

New claims 108-118 are added, which claim the elected invention.
